COMPTON CHAROLAIS

Dear Friends,

Welcome to our 29th Annual "A Day in Nanafalia" Production Sale. We hope you will be pleased with the cattle we will be offering. This group is special to us.

With confidence, commercial and purebred breeders can know our herd has the very best Charolais genetics. Our bulls are very strong with great herd sire prospects. It has been proven that Charolais sired calves put on weight with less feed which cuts down on overall costs. The heifers are healthy and ready to produce for you.

We greatly appreciate your interest in our cattle throughout the years. We look forward to seeing you in Nanafalia on Friday October 14th.

Best Regards,

Barbara & Buck Compton

Terms & Conditions

TERMS: Terms of the sale are cash or check and each animal will be sold to the highest bidder with the auctioneer settling any and all disputes as to bids.

ANNOUNCEMENTS: Information given from the auction stand will take precedence over the printed material in the catalog.

MAIL BIDS: Mail or telephone bids will be handled in a confidential manner if you are unable to attend the sale. Contact our sale personnel prior to the sale day and we will be happy to assist you at ringside.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal sold.

LIABILITIES: Each animal sold will be at buyer's risk as soon as sold. Neither owner, sales administration, or auctioneer can be responsible for any accidents and those attending do so at their own risk, but every effort will be made to provide for the safety and comfort of those attending the sale.

HAULING: Every effort will be made to assist in hauling arrangements. Troy McPherson will be hauling the cattle and can be reached at (Cell) 334-217-1138 or via email at troy.circlebranch@yahoo.com

BREEDING SOUNDNESS: The Bull Whisperer, Don Weir, performed an extensive breeding soundness examination on each of our bulls. Scrotal circumference was taken during the examination in September 2016.

Sells as Lot 4

EXPECTED PROGENY DIFFERENCE (EPD'S)

The expected differences in performance of a bull's progeny (calves) when compared to the average progeny performance of all bulls of the breed evaluated. EPD's are reported in pounds and are directly comparable across all herds within a breed, but not across the breeds. Most knowledgeable people agree this is the most accurate way to evaluate cattle. We have performance tested our cattle for 39 years and our EPD's are more accurate than most.
