Bill & Carol Freeman

Dear Fellow Cattle Producer:

Welcome to our 5th Annual "Best of the Blacks" female sale. The 2015 sale will be held at 12 Noon on Saturday, May 2, 2015. This will be our second female sale at our very own auction facility located right here on our farm in Vernon, Alabama.

Timberland Cattle (TLC) uses a carefully planned artificial breeding program to produce new generations of females that excel in the best genetic traits of both Black Angus and Black Sim-Angus. In both breeds, Timberland Cattle chooses and uses sires with a docile disposition, proven growth genetics, and superior marbling genetics, to produce the high quality beef that consumers around the world demand. We also breed and select for maternal traits to make successful brood cows.

This year we retained all of our Sim-Angus females. We are building our numbers in preparation for a strong offering in next year's sale.

Thanks for your interest in our program,

*Bill Freeman*
