Welcome to the 2014 Louisiana Angus Association Sale to be held on March 8, 2014 at the Dean Lee Research Station at LSU Ag facility in LeCompte, Louisiana near Alexandria.

This year we have a tremendous offering of females for you to evaluate. The Louisiana Angus Association determined to allow Angus influenced commercial females to sell in this sale. You will have an opportunity to purchase both outstanding genetics from registered Angus females and top of the line commercial Angus influence females. You will be most impressed with this offering.

Many of the top bulls in the breed are represented in this sale. We have many three in ones plus some excellent show prospects. This may be the largest offering of females ever sold in this sale. Whether you are a registered or a commercial cattleman you will be able to find just what you need in this sale.

If I or any consignor may be of assistance to you, please contact us.

Sincerely,  
 Jarvene Shackelford
