Friends and Fellow Cattle Producers:

Welcome to beautiful East Tennessee and the Clinch Mountain Gelbvieh dispersal sale.

Since December of 2000, when we were fortunate enough to obtain our first ten cows from J-Bob Farm, our goal has been to develop high quality breeding stock. After over thirty-two years involved in beef cattle research with the University of Tennessee, in 2002 we realized our dream of moving back to the family farm and expanding the herd. We couldn't have done it without the support, encouragement and shared wisdom of our fellow breeders.

Thank you to all our past customers and to all who participate in the sale today.

In the spirit of the coming holidays, we wish you all peace, joy and prosperity.

Best regards,

John and Liz Loy

BCFG Butlers Ms. Oak 926Z was the 2014 Reserve National Champion Balancer Female in Denver at the National Western Stock Show. Her dam was bred in the Clinch Mountain Gelbvieh program and sold to Butler Creek Farms. The Clinch Mountain cow family of this Reserve National Champion Female stems from the JBOB 4520M cow that is also the dam of JBOB Master Plan, a premier herd sire in the C-Cross Cattle Co program. Congratulations to Butler Creek Farms for their success with Clinch Mountain Genetics.
