# YOU'VE EARNED IT

You've made a significant investment in your genetics, but does the market recognize that? The AngusLink<sup>SM</sup> Genetic Merit Scorecard was created to objectively describe the genetic merit of your feeder calves. The scorecard gives buyers the confidence they need to pay more for your quality calves.

In 2022, users of the Genetic Merit Scorecard earned a **\$12.94/CWT PREMIUM** on average. Give us a call and we can help you earn what you deserve.
